

****Regulations for the International Iranian Conference on Bioinformatics****

- Abstracts must be written in English.
- Only abstracts of scientific-research articles are accepted.
- The format of the abstract must follow the template provided on the website.
- Students and graduates of all academic levels can submit abstracts.
- Submitting an abstract is not mandatory for participating in the conference.
- Only abstracts will be received, and full papers should not be submitted.
- After abstract acceptance, depending on whether it is for a poster or oral presentation, the work must be presented in full detail either as a poster or an oral presentation.
- Accepted abstracts will be indexed by ISC and Civilica.
- Certificates will only be issued to participants who have registered on the conference website and paid the registration fee.
- The participant is responsible for correctly entering the details and order of all authors during the information submission phase on the website and in the abstract. Otherwise, any mistakes in the author order in the booklet or certificates will be the responsibility of the participant.
- In case of any disagreement among the authors of the abstract, the conference has the right to reject the abstract at its own discretion.
